

Cut Level 5 Gloves - M/8 - 1pc | Cut level 5/E dipped gloves

- Double layer of nitrile for added durability and increased protection from sharp objects.
- Excellent grip performance, nitrile material performs better than other materials in wide range of temperatures and oily surfaces.
- Proprietary knitting process for all day comfort and high breathability while working all day.
- SMARTSWIPE™ palm and fingertips - allows the use of touch screen devices without removing gloves.
- European Certified for cut protection: EN ISO 21420 and EN388:2016 (4X44E).
